Advanced **SEMICONDUCTOR PACKAGING Show**

Why Semiconductor Packaging?

With the recent global semiconductor chip shortage, the demand for semiconductor packaging technology is continuing to rise.

As South Korea's semiconductor industry ranks 2nd in the global market, we are proud to present to you **Advanced SEMICONDUCTOR PACKAGING Show (ASPS)**, a B2B event to showcase the latest back-end processing technology to the electronics, semiconductor, and automotive electronics manufacturers.

Join us at ASPS to take part in leading the global semiconductor industry!

Why Suwon?

Cities in the Southern part of Gyeonggi Province unite as the **“K-Semiconductor Belt!”**
